spiral-free

metal-free

temperature-resistant

pressure resistant

Product Details

Construction / Material

- Type of construction: extruded hose without metal spiral
- Execution of the wall: made of highly abrasion-resistant material / made of a material that is insensitive to stress corrosion cracking / made of a material with very good sliding properties / made of a material with high impact strength

Properties

- Chemical Properties: good resistance to petrol / good resistance to solvents / good resistance to oil / good UV resistance / good resistance to fats
- Physical Properties: moisture resistant
- Pressure Resistance: pressure resistant

Operating Temperature

- Temperature Range: -40 to 85 °C

Delivery Information

Application Areas

Customizing Options

- optional item modification (on request): printable / rolls

Delivery Variants

Available in other lengths, other nominal diameters, with customer-specific customer-specific imprint.

Disposal instructions

After use, the product must be disposed of in accordance with the legal regulations applicable in the user's region (in Germany in accordance with the applicable Waste Catalogue Ordinance (AVV)).
